MEMORANDUM FOR: Deputy Director for Plans  
THROUGH : Deputy Director for Support *Wm* 5 MAR 1964  
SUBJECT : Radio Reciprocal Privileges  
REFERENCE : Memo Dtd 16 Oct 63 to DD/P fm D/CO, Same Subject

1. This memorandum is for information only.

2. Attached is a copy of a letter from the Deputy Assistant Secretary for Communications (Department of State) to the Special Assistant to the Director of Telecommunications Management, Office of Emergency Planning, (DTM/OEP) in reply to a letter from the Federal Communications Commission concerning reciprocity. The FCC letter had taken the Department of State to task for not adhering to the FCC's interpretations of the original intent of the reciprocity amendment to the Communications Act of 1934.

3. The main theme of the Department's letter appears to be one of attempting to smooth over their interagency conflicts in regard to the differing interpretations of reciprocal rights and at the same time propose a "fresh start" on the question of reciprocity.

4. Also received from the Department and attached to this memorandum is a "box score" covering the overall reciprocity situation in its various categories and phases. As the "box score" is a summary of all reciprocity actions (available for the first time) it would be of interest to foreign divisions and staff chiefs and has been attached for dissemination as you deem necessary.
